

LARAMIE PHYSICIANS  
WOMEN & WELLNESS CLINIC

## Physician Recruitment FALL 2021

### Circumstances of Vacancy

Laramie Physicians for Women and Children (LPWC) has been providing obstetric/gynecological (and until June 2021 also provided pediatric services) to southeastern Wyoming for more than forty years. In June we closed our pediatric services in an attempt to put our sole focus on women's and wellness services. We are the only independent medical practice offering OB/GYN services in Albany and Carbon Counties.

As of the end of September 2021 LPWVC is currently staffed with:

- 1 full time physician, 2 PA-C practitioners, and 1 Certified Nurse Midwife/Nurse Practitioner on our women's health team

Numerous changes occurred over the last 5-years that impacted our clinics business model; Iverson Memorial Hospital partnered with a large corporate hospital chain out of Colorado and extended employment offers to 3 of the women's physicians who had been employed by LPWVC in 2017, and one OB/GYN had to relocate out of state for family reasons. Leaving our practice with only one physician.

Recently, LPWVC was fortunate to be able to recruit a Certified Nurse Midwife for the practice, and she has become a valuable asset to our team and services offered. However, since OB/GYN care requires a mix of outpatient and inpatient service and LPWVC offers outreach care in Carbon County, (a service not offered by the OB/GYN providers at Iverson), we are in need of and dedicated to bringing a new OB/GYN or FP w/ OB to this practice and to the community in general. Our group has a sound history and solid reputation which we hope will allow the retention of providers interested in living in and serving our community.

### Brief Job Description

Our Women's and Wellness Clinic seeks an OB/GYN or FP w/ OB to join a privately-owned well-established group practice which includes midwifery. This position is part-time (full-time is negotiable) based in our Laramie, WY Clinic with deliveries at Iverson Memorial Hospital.

Competitive salary, benefits, a healthy work/life balance, and a great location makes this an ideal choice for the provider who is looking to experience a healthy career that supports your personal wellbeing and respects your time away from the clinic. Close enough to the big-city amenities of Denver, CO, without having to live in the constant hustle & bustle, Laramie offers pristine beauty and an abundance of recreational opportunities in the great outdoors.
